

tuneLinkhome

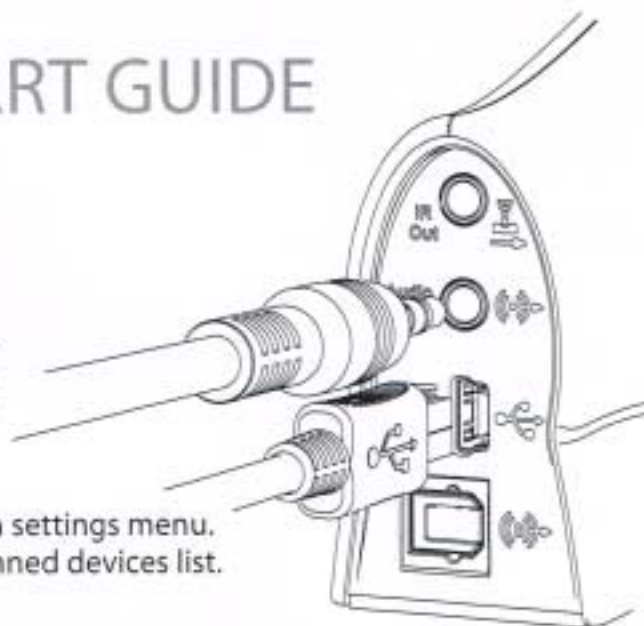

QUICK START GUIDE

Set up TuneLink Home

- Plug in the audio cable and connect it to your speaker system.
- Plug in the USB cable and connect it to the USB power adapter or any spare USB port.

Pair to Bluetooth

- On your mobile device, open the Bluetooth settings menu. "TuneLink Home" should appear in the scanned devices list. Tap on "TuneLink Home" to pair.

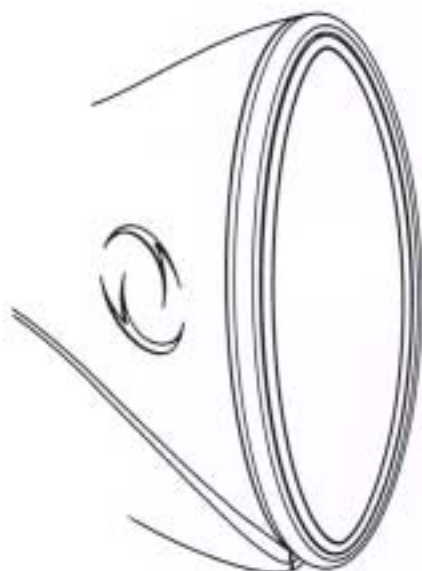

Download the app from The App Store or Google Play.

Take Control

Once you have paired your mobile device with TuneLink Home, open the TuneLink Home app and tap the "My Remotes" button. Use the remote setup wizard to create a remote control for each device in your entertainment center.

Stream your tunes

Set your entertainment center to the input that TuneLink Home is attached to and check your volume settings. Now all audio from ANY app will stream wirelessly through TuneLink Home and your connected speakers.

One Year Limited Warranty. New Potato is committed to the quality of its products and great service to its customers.
